TRANSPORTATION

Thogus and Avient have been working with community partners on a low-cost private transportation program that will launch in early January. The vehicles will be provided by LifeCare and will be vans and small shuttles. The app to access the rides works similar to Uber/Lyft where you can request the ride in advance only on the days you need a ride.

The transportation will be FREE during a 6-9 month trial period. After the trial, there will be a low cost of just \$2 per ride which can be payroll deducted after you have completed your ride.

HOW TO GET HIRED

Simply show up to either of the hiring events prepared for a job interview and you can leave with a job offer! Learn about both companies and the job you would be doing from current employees. Drop-in job interviews will be held on-site and job offers will be made right there during the event.
