

Padres Comprometidos **Helping parents engage with schools**

This 6-week program fosters strong connections between parents and schools, empowering parents to play a leading role in their child's educational journey during its shift to distance learning.

These programs are designed to reach parents who traditionally are not connected to the schools because of:

- Linguistic and cultural reasons
- Economic background
- Negative perception schools may have about parents or vice versa
- Unfamiliarity with parent engagement in the school

The sessions help support parents:

- Digital Literacy Skills
- Connecting Families with Schools
- Creating a Positive Learning Space in their home.
- Model behaviors at home that encourage and promote learning.
- Social Emotional Needs of their family
- Navigating Video Conferencing Platforms

Participants will have the opportunity to win weekly prizes!
